COVID-10 remains widespread in Maricopa County. In the WESD, all three indicators remain in the red, with the cases per 100k people increasing from the previous week. The WESD will remain in the online learning model and continue to monitor the benchmarks closely.

Washington Elementary School District, Glendale Union High School District, and Glendale Elementary School District are working closely with Maricopa County Department of Public Health (MCDPH) to set up a closed POD for our employees to get vaccinated. MCDPH has assigned Fry's Pharmacy for our closed POD. We are working with MCDPH to schedule dates to administer the vaccinations. Our staff has been signing up for the open PODs around the valley as they can get scheduled.

When the benchmarks come down, we will reach out to our families regarding their readiness and plans to return.

Thank you for your continued support.

Estimadas Familias y Personal del WESD,

Nuevamente, quiero expresar mi apreciación por su paciencia y apoyo durante estos tiempos sin precedentes. Ya ha pasado un año desde el primer caso de COVID-19 confirmado en los Estados Unidos. Mientras que ninguno de nosotros nunca ha vivido una crisis de salud como esta, continúo asombrado y aprecio el esfuerzo

trabajando con MCDPH para programar fechas para administrar las vacunas. Nuestro personal se ha estado inscribiendo en los PODs abiertos alrededor del valle ya que pueden ser programados.

Cuando los puntos de referencia bajen, nos comunicaremos con nuestras familias en cuanto a su disposición y los planes para regresar.
